

# Sino & German Forum on Composites Engineering and Applications

**VIRTUAL EVENT**  
**2021/03/25-26**

## BACKGROUND

SAMPE (Society for the Advancement of Material and Process Engineering) China Mainland Region is going to host virtual Sino & German Forum on Composites, Engineering and Applications combined with Composites United and the Sino-German Association of 3D-Printing and lightweight in March 25-26, 2021.

On the one hand, the forum is going to build up a Sino-German networking for the communication and corporation on composites.

On the other hand, to provide a leading platform of materials, process, engineering and applications on composites. We are looking forward to more technical, marketing, capital cooperation between China and Germany through the forum, enhance the development of industry and friendship.

## DATE

|                                 |                                 |                               |
|---------------------------------|---------------------------------|-------------------------------|
| <b>Thursday, March 25, 2021</b> | 8:00 a.m. – 11:00 a.m. (Europe) | 3:00 p.m. – 6:00 p.m. (China) |
| <b>Friday, March 26, 2021</b>   | 8:00 a.m. – 11:00 a.m. (Europe) | 3:00 p.m. – 6:00 p.m. (China) |

## TOPICS

- Designing, simulation, analysis, certification, etc.
- Materials and manufacturing technology
- High performance components and mass fabrication technology
- Tooling designing and applications
- Automation & smart process, 3D printing
- Process control
- Testing and Characterization
- Connection and assembly
- NDT and repair
- Recycle, Reuse
- Sustainability
- Others

English

- a) Attendees come from end users or the potential application of lightweight requirements including aviation, spaceflight, ship, automobile, new energy vehicles, cars, trucks, rail transportation, new energy, medical equipment, robots, machine hand and IT products, etc.
- b) Advanced composite component manufacturing enterprises, research institutes and universities;
- c) Suppliers of raw materials, equipment, tooling, testing, software, service, etc.;
- d) Investors.

**Non-Members: € 260.00/ Room Ticket**

**Members: € 90.00/ Room Ticket**

Note: Members refer to the members of SAMPE, Composites United and The Sino-German Association of 3D-Printing and Lightweight.
