

COMPOSITES  
UNITED

**SPONSORSHIP OF THE TRAINEE PROGRAM  
WINTER SEMESTER 22/23**

# CU Trainee Program

With the trainee program, the CU promotes young talents in the field of fiber composites. After a selection process, highly motivated top students take part in additional training.

Become a sponsor of the trainee program in the winter semester 2022/2023!

- Present your company or invite the students to your place
- Present your services and products
- Use the access to the top students and exclusively recruit future employees
- Be a partner of the CU trainee program with your logo in marketing campaigns

# CU Trainee Program

## (Preliminary) LECTURE PROGRAM

Theme	Lecturer	Venue
1. Struktural mechanics	Prof. Unckenbold	PFH Stade
2. Fiber technology Textile preform technology	Dr. Clauß Prof. Middendorf	DITF / Denkendorf IFB / Uni Stuttgart
3. Processes and processing methods	Prof. Dransfeld	TU Delft
4. Thermosets	Prof. Brauner	FH Nordwestschweiz
5. Thermoplastics	Prof. Henning	ICT Pfinztal
6. Testing technology	Prof. Breuer	IVW Kaiserslautern
7. Global market developments and prospects for hybrid composites	Prof. Cherif & Prof. Jäger	TU Dresden

# CU Trainee Program

## Win-Win-Win

### Sponsors

- Presentation of the range of products and services
- Excellent opportunity for recruiting skilled workers

### Students

- Insights into institutes and laboratories of other universities
- Opportunities for network building for career entry
- Compact knowledge transfer to composite materials

### Institutions

- Recruitment of future undergraduate/PhD students
- Presentation of your own range of services

# CU Trainee Program

## **Former trainee program participants – now in top positions, e.g.:**

- Lian Giger: Engineer, founder & managing director CrossTEQ AG
- Felix Michl: Technical Director Cevotec GmbH
- Prof. Dr. Frieder Heieck: Kempten University of Applied Sciences, Faculty of Mechanical Engineering, Research Professorship

Take advantage of the opportunities as a sponsor of the trainee program in the winter semester 2022/2023!

## **Sponsorship program:**

- 2.000 Euro for members of Composites United e. V.
- 4.000 Euro for non-members

Composites United e. V.  
Oranienburger Str. 45  
10117 Berlin
