# CALL FOR PAPERS

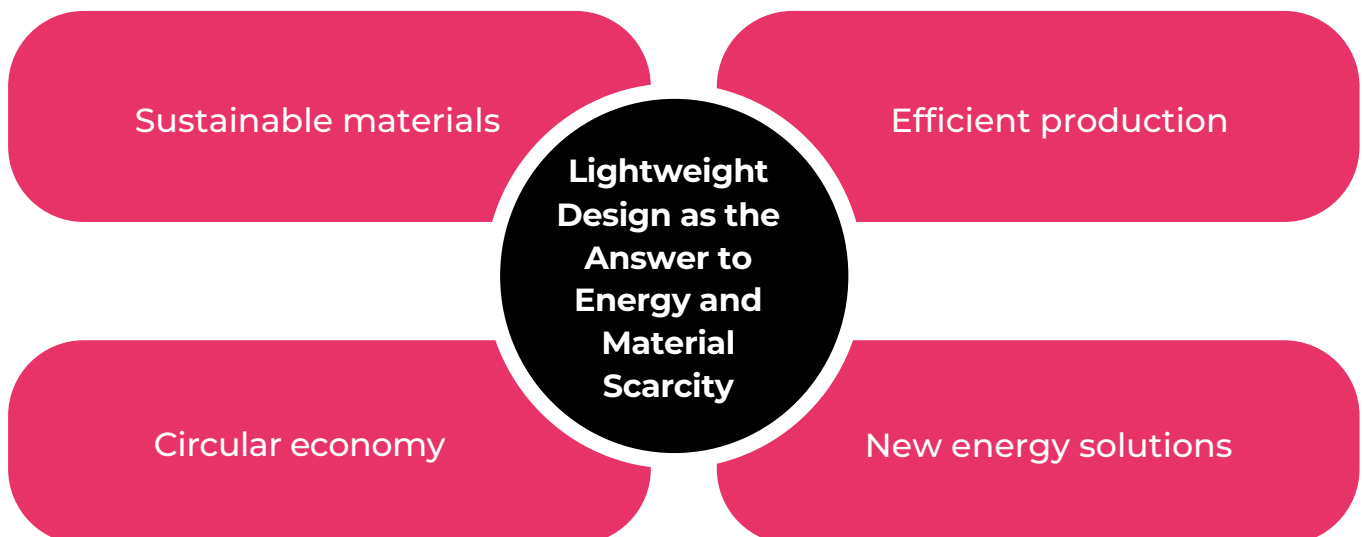

LIGHTCON | 13 -14 JUNE 2023

LightCon is the first solution-oriented cross-material and cross-technology platform for all user sectors of lightweight construction. Two full days of conference program with top-class keynotes, panels and lectures and a trade fair with exciting showcases and live presentations as well as a special evening event are waiting for you!

## **MOTTO: “Lightweight Design as the Answer to Energy and Material Scarcity”**

The global challenges of resource efficiency and climate protection, in particular the scarcity of energy and materials and their increasing cost, are central issues for politics and industry. Lightweight design solutions offer the decisive benefit and with a high level of innovative strength and new technologies, potentials can be effectively used to achieve the targeted CO2 neutrality and the associated conservation of resources. Therefore, the motto of LightCon 2023 is "Lightweight Design as the Answer to Energy and Material Scarcity".

## FOCUS TOPICS

# FURTHER INFORMATION AND CONDITIONS

Lectures of high quality are expected that focus on a novel technical aspect or an innovation. Make sure to emphasize your technical innovation and the added value and benefits to the industry. Keep commercial aspects to a minimum. The presentation is neither intended to be a commercial talk, nor should it be too scientific with detailed equations or models.

**The conference program will be held in English.**

Therefore, please provide your information in English only. The presentation time for each lecture is about 15 minutes plus 5 minutes for Q&A.

All abstracts submitted will be reviewed by a board of experts from industry, science and excellence clusters. An overview of the **advisory board** members can be found online at

→ [www.lightcon.info/advisoryboard](http://www.lightcon.info/advisoryboard)

Speakers participate free of charge at the whole event (one person per lecture). Travel expenses will not be refunded. The number of speakers is limited for organizational reasons. Speakers agree that photos and film material of them may be produced and published in print/ online publications.

## DATA PRIVACY POLICY

The current data protection declaration of Deutsche Messe AG with details of how we process your personal data in accordance with the General Data Protection Regulation of the EU (GDPR) can be found at: [www.messe.de/en/privacy-policy](http://www.messe.de/en/privacy-policy).

The information here also covers your rights under the GDPR and other information. In addition, the personal data you provide will also be forwarded to our founding partner Composites United e. V. for the coordination and control of the Call for Papers procedure and to the advisory board for reviewing the applications (Art.6 (1) b GDPR).

## CONTACT

### For organizational matters:

LightCon Team  
Deutsche Messe AG  
Tel. +49 511 89-32427  
[lightcon@messe.de](mailto:lightcon@messe.de)

### For content-related matters:

Dr. Bastian Brenken, *Managing Director CU Nord*  
Composites United e.V.  
Tel. +49 4141 40740-15  
[bastian.brenken@composites-united.com](mailto:bastian.brenken@composites-united.com)

**Submission Deadline: 15 December 2022**

**Finalisation of the program: March 2023**

You will find the **application form** on the following two pages.

**YES, I want to contribute to LightCon 2023 staged under the motto **Lightweight Design as the Answer to Energy and Material Scarcity** with a lecture.**

**Please choose one topic:**

Sustainable materials

Efficient production

Circular economy

New energy solution

**Live Demonstration (optionally):**

**YES, I would like to combine my lecture with a follow-up live demonstration at my booth in the exhibition area.**

**TITLE OF THE LECTURE** (max. 100 characters incl. blanks)

**ABSTRACT** (max. 2,000 characters incl. blanks)

Please describe the content of your lecture in a concise way. A clear reference to the motto is expected. Lectures should be neither a commercial talk, nor scientific (with models and equations), but describe technical innovations and solutions and the resulting added value for industry and/or society.

**KEYWORDS**

Please enter 2-3 keywords that describe the content of your lecture.

## **NOVELTY & RELEVANCE OF THE LECTURE** (max. 200 characters incl. blanks)

Please highlight the novelties and innovations of your presented topic and point out what the applications are.

## **AUXILIARY MATERIAL**

Please provide relevant figures, tables, photos/videos etc. that support the significance of your topic as links. Alternatively, you may submit auxiliary material as one combined file by email. Multiple attachments will not be considered.

## **SPEAKER BIOGRAPHY** (max. 500 characters incl. blanks)

Please supply relevant experience and qualifications related to the proposed lecture. Additional references (e.g. a short video, homepage) can be provided as links.

## **CONTACT INFORMATION**

Complete Name (incl. title, if necessary)

Position

Company / Organization

Street / P.O. Box

Postal Code / Town / Country

Phone / Mobile

E-Mail

**Shape LightCon 2023 and send your application to**
