

Authors' notes for CU reports

For a **one-pager** we ask you to kindly consider:

Text: length **3.000 characters (+/- 200) incl. spaces**. These 3000 characters refer to the main text body and usually correspond to one standard page with a 1.5- to 2-column image. (Appr. figures; we will be happy to make suggest changes to your text, depending on the layout.)

At the end of the article please give one contact person and contact details.

Pictures: graphics and / or photos files preferably as **.jpg**; .tiff, .png or .eps might work as well. For data processing reasons please send each image as separate files (embedded in the text will NOT do).

A manageable selection of 1 – 4 images is appreciated, picking will be up to our layout designer, image resolution: **300 dpi** at a frame width of 12 – 15 cm.

Please send text and images separately, NOT embedded in one word file.

The editorial team reserves its right to cuts due to editorial decision.

Copyright: For illustrating your article, please choose but **images** you hold the rights to. By transmitting these images, you grant CU the rights to use for the agreed purposes of publishing in print and online.

Proof reading, authors' disclosures and clearing: You will get a pdf of the magazine layout version about one week prior to printing.
